

## Fatalone Primitivo Riserva

(DOC Primitivo Gioia del Colle)

100% Primitivo

Fatalone's Primitivo Riserva is its flagship wine that has been built to last for years to come. The organic Fatalone Riserva spends 30 months among equal parts of stainless steel, Slavonic oak, and again stainless steel (in that order) to result in a wine that is dark and intense, yet far from being 'big.' After an extra 6 months aging in bottle, the wine is released and immediately shows off its massive acidity which complements the black cherry, rich earth, and toasted wood notes.

*Bon Vivant*
