

## Redentore Chardonnay

(Chardonnay delle Venezie IGT)

100% Chardonnay

Redentore is the 'second label' of the De Stefani estate of the Veneto, created in the same natural style as the flagship but takes advantage of the younger vineyards. The Chardonnay is a gorgeous expression of the grape from an area that is known for its versatility with international varieties. Having seen no wood during its vinification, the palate retains incredible freshness and acidity but is still textured with the ripe fruit character of Chardonnay. A beautiful and long finish, this wine is perfect for fresh salads and cheeses, as well as rich white fish.

*Bon Vivant*
