

## Domaine Ansen Geierstein Riesling

(Alsace AOC)

100% Riesling

The Geierstein Riesling comes from a remarkable south-facing hill that is just north of Westhoffen. This extremely dry vineyard has remarkably deep roots and always shows a gorgeous minerality and elegance in the finished wine from this special terroir. Once hand-harvested, the whole bunches are gently pressed and naturally fermented in stainless steel tanks. After a light, single filtration, the wine was bottled in the spring after a 6-month rest, and then laid down for a few years to mature in bottle. The result is nothing short of spectacular, expressive, and gorgeously linear. Bright crisp apples and lemon-lime are folded into pure minerality and lead to a very long finish of clean, mouth-watering acidity. This Riesling will continue to age well for many years to come.

*Bon Vivant*
