

## Domaine Ansen Rosé de Pinot Noir

(Alsace AOC)

100% Pinot Noir

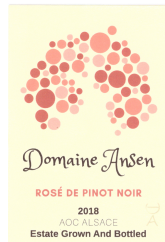

This is possibly one of the greatest expressions of the estate's Pinot Noir fruit. After hand-harvesting the fruit, it starts natural fermentation in stainless steel tanks with only hours on the skins before a gentle pressing, making the final result a pale yet fairly vibrant pink color. This gorgeous rosé is full of life aromatically; loaded with fresh red berries, purple flowers, and a slightly earthy forest floor nuance that is mysterious and enticing. The palate is very fresh and alive, showing ample acidity to accompany the full brigade of flavors like small fresh strawberries, juicy red cherries, rocks, flowers, and dust.

*Bon Vivant*
