

Famille Fabre 'Équilibre' Sauvignon Blanc

(IGP Pays d'Oc)

100% Sauvignon Blanc

FAMILLE FABRE f

The Équilibre Sauvignon Blanc vineyards comes from the south side of the famous village of Beziers, just east of the AOC Corbieres. The young vines are planted in limestone rich soils, with a clear south and southeastern exposure to the daily winds that typically come from the south over the Mediterranean. Once the fruit is brought to the cellar, the grapes ferment in stainless steel tanks and then rest for 3 months before filtration and bottling. The resulting wine is electric and a shockingly delicious drinking Sauvignon Blanc that still remains true to character, while being easy on the palate. Bright apples, herbs, and lemon pith come through on the nose, while the palate is zippy with minerals, fresh grapefruit, lime, and papaya.
