

LaSelva Rosato

(IGT Toscana)

Sangiovese & Cilieggiolo

The 2016 LaSelva Rosato is a classic Tuscan rosé that has ample structure, but is also light and deliciously fresh. Coming from a blend of the estate's organic Sangiovese vines as well as Cilieggiolo, the grapes are co-fermented together in stainless steel tanks and then rest there for several months before an early spring bottling. The finished result is rich in the nose with wild red and black berries, hints of herbs, and fresh salinity. The palate follows with dark but lifted berry fruit, clean and refreshing acidity, and a pure mineral driven edge on the finish.
