

Marchese delle Saline 'Tiade' Etna Rosso

(Etna Rosso DOP)

100% Nerello Mascalese

The Tiade Etna Rosso is a wonderful example how even younger vines from Mount Etna can create wine with incredible insight into the volcanic terroir. Coming from 100% Nerello Mascalese, these bush vines are hand harvested and brought to the cellar for a natural fermentation in stainless steel. Aged in 300HL tonneau for 12 months to age, before being bottled without filtration, where it rests for 12 more months. The nose is full of brambly red fruits, forest undergrowth, and hints of spice, while leading to a palate of delicate tannin, perfect acidity, and delicious fruits and earth. A wine to stand up to most any meat, while also having the finesse that will pair with cheeses, some fish, or just a lovely afternoon.
