

Quinta do Montalto 'Cepa Pura' Touriga Nacional

(VR Lisboa)

100% Touriga Nacional

The Cepa Pura Touriga Nacional is a pure expression of this famous Portuguese grape varietal. The fruit was brought in for a natural fermentation in stainless steel tanks and was then transferred into second use French and American oak barrique, where it aged for 9 months. Without filtration, the bottled wine offers a wonderful depth of complexity and personality. On the palate there are dark fruits that are accompanied by a light feel of fresh acidity, spicy earth laden with raw vanilla, and a long finish that begs to stand next to roasted meats. This is a wonderful bottle of wine that will do well with years of age as well as for sooner consumption.
