FILTER/FINING	None	FARMING METHODS	Organic Single Guyot
TOTAL SULFUR/ RS	<10 mg/L 2 g/L	PRODUCTION	9,500 bottles

*For four generations, the De Stefani family has had a passion for grape growing and the art of producing wines with a rare & beautiful personality*

The family of *De Stefani* dates back to the later half of the 1800's, having created wines of the utmost quality since the beginning, and continuing today under the experience of the family's 4<sup>th</sup> generation winemaker, Alessandro. The family began in Refrontolo, a small hilly village in between the two famous Prosecco towns of Conegliano and Valdobbiadene, and more recently has accrued two other vineyards to combine for 40 hectares of total estate. In 1971, Tiziano De Stefani (Alessandro's father), moved his family to the Fossalta di Piave where they could grow many different grapes on the clay soils of the old river plain, while retaining their esteemed Glera vineyards for Prosecco production. With a complete dedication to as natural production as possible, the estate is organically farmed, they only rely on naturally occurring yeasts as well as never adding sulfur during vinification (since 2009), all while focusing on many varietals that they have found to create incredible results in their unique terrain. The Redentore label comes from the younger vines of the estate that will someday be destined to carry the De Stefani flagship label. The wines are vinified in the exact same way, but bring incredible value to the estate as a whole.

*Redentore is the 'Redemption' from the plague in Venice – Still celebrated every 3<sup>rd</sup> weekend of July*

The *2022 Redentore Chardonnay* comes from the 'second label' of the De Stefani estate. Created in the same natural style as the flagship wines from the property, the Redentore line takes advantage of some of the younger vines (15 years) that will someday produce the exceptional De Stefani wines. The Chardonnay is a gorgeous expression of the grape from an area that is known for its versatility with international varietals. Having seen no wood during its vinification, and absolutely no sulfite additions whatsoever, the palate retains incredible freshness and acidity but is still textured with the ripe fruit character of the local Chardonnay. A beautiful and long finish, this wine is perfect for fresh salads and cheeses, as well as rich white fish.
