

## Uva de Vida 'Biografico' Graciano/Tempranillo

(Vdt Castilla)

50% Tempranillo, 50% Graciano

The Biográfico Graciano-Tempranillo is made with biodynamically farmed grapes that are fermented with ambient yeasts in stainless steel tanks, before it naturally clarifies, is not filtered, nor does it see any additions of sulfur before bottling. Dark in color, yet light in character, the aromas are a mix of spicy fruit, a touch of fresh earth, and hints of purple flowers. The palate is dynamic and bright, balancing between the spicy tannin of the Graciano, and the earthy fruit of the Tempranillo, offering bright red cherries, a bit of lilac, and a slight earthy umami quality.

*Bon Vivant*
